I'll try playing the "Song of Time"!

Those are the Deku Horns, the instrument the Deku Nuts use!

!!?

The ocarina changed to horns?!

All right! The "Song of Time"!

Well, whatever!

Goddess of Time...

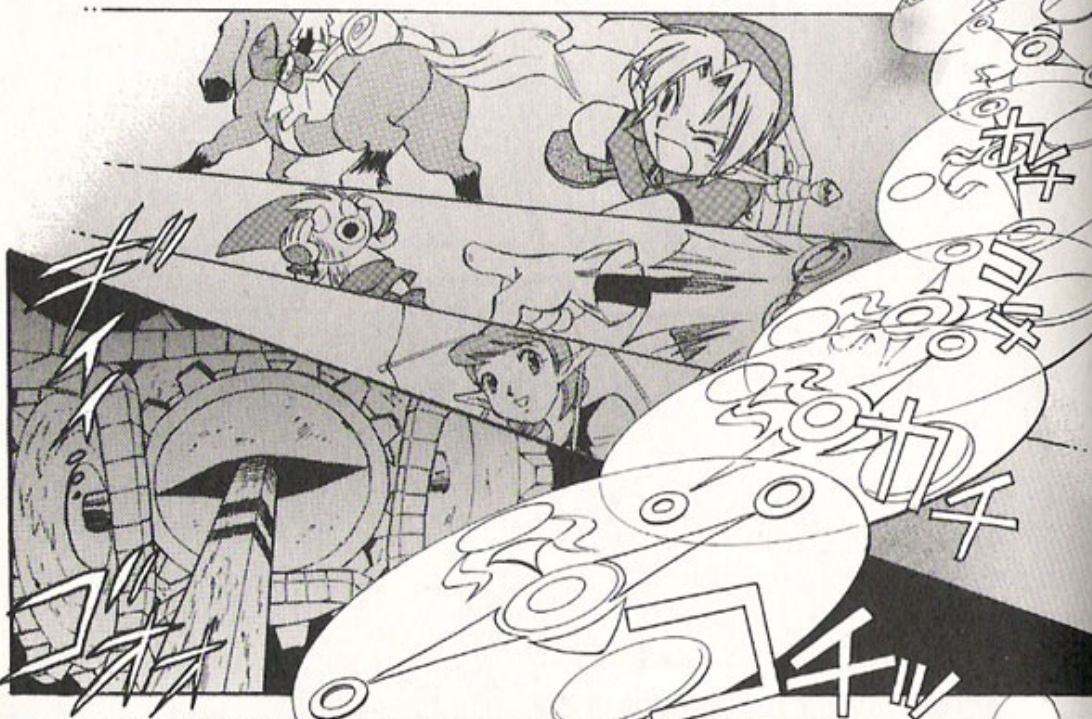

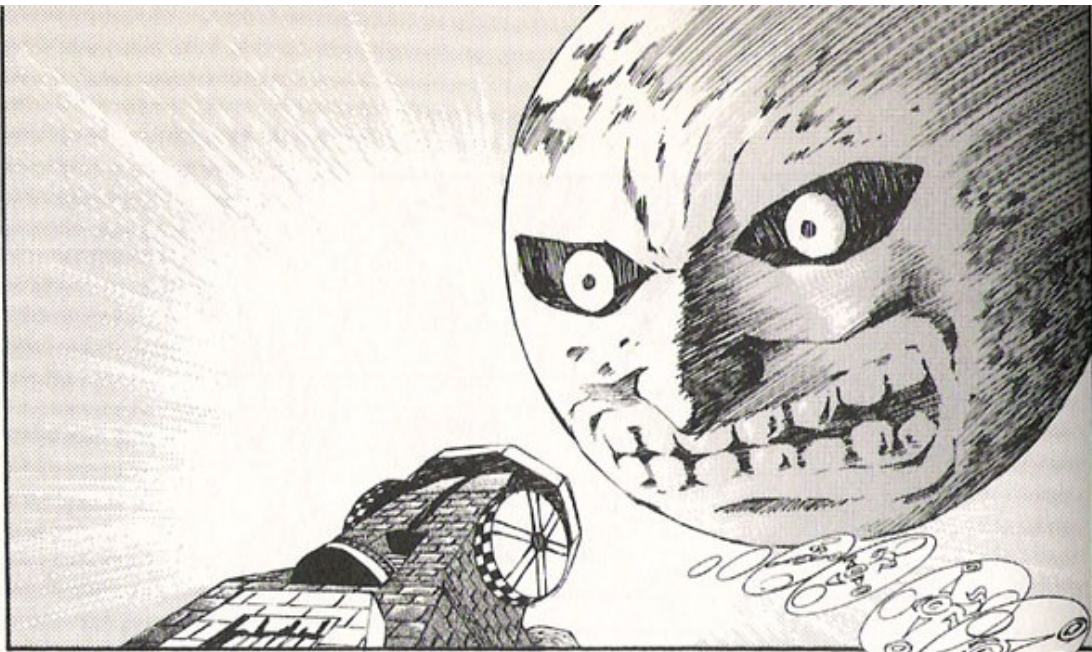

Zelda...

Lend me your power!

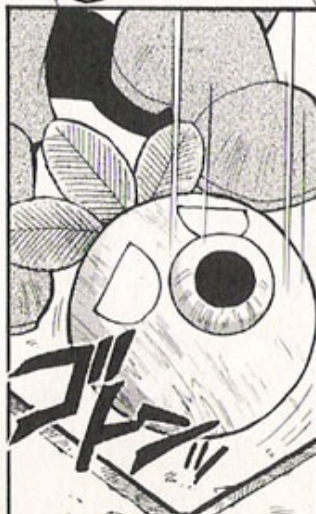

The Song of Time that Princess Zelda taught me.

Something will surely happen.

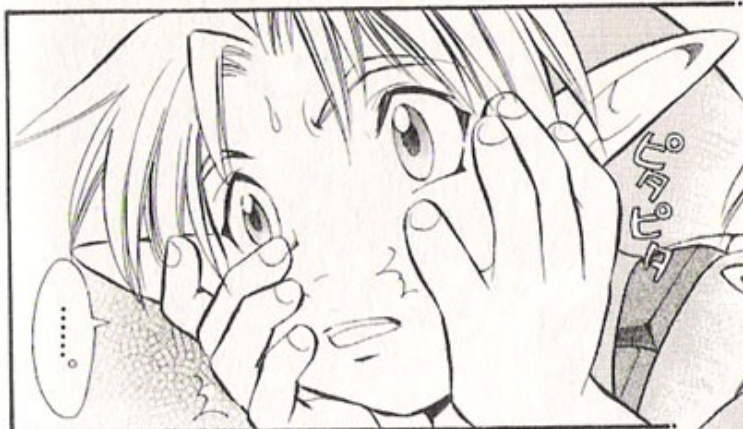

You..
You're-!

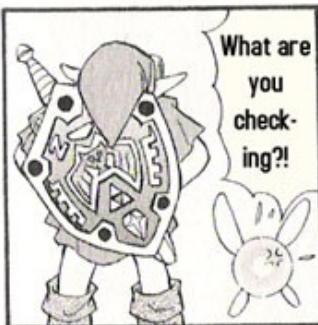

This
is...

...inside
the
clock
tower?!

You're back to normal!!

What are you checking?!

Hmm. It sure is a bit better than your last get-up.

I'm completely back to my old self~!!

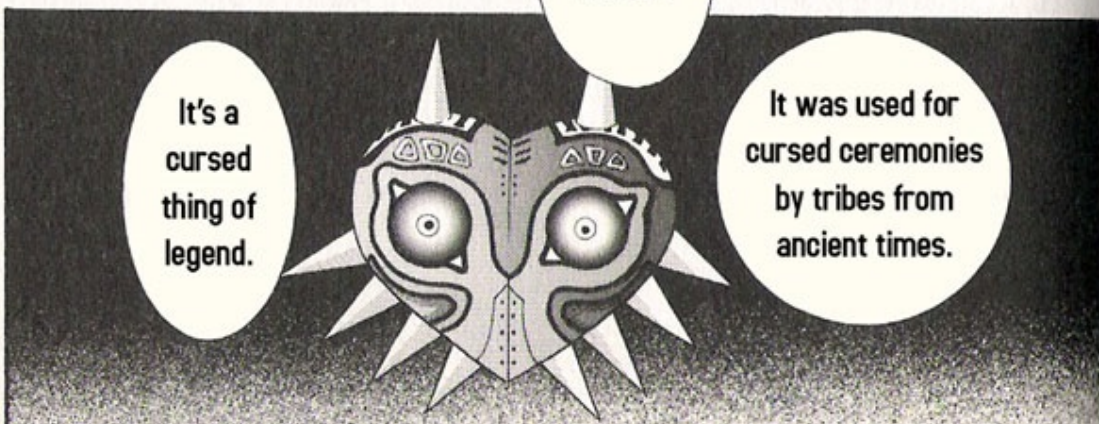

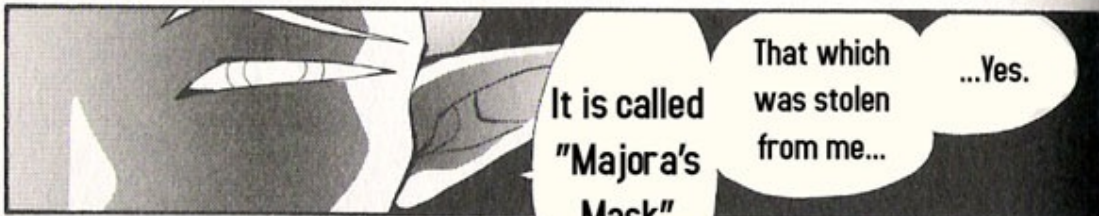

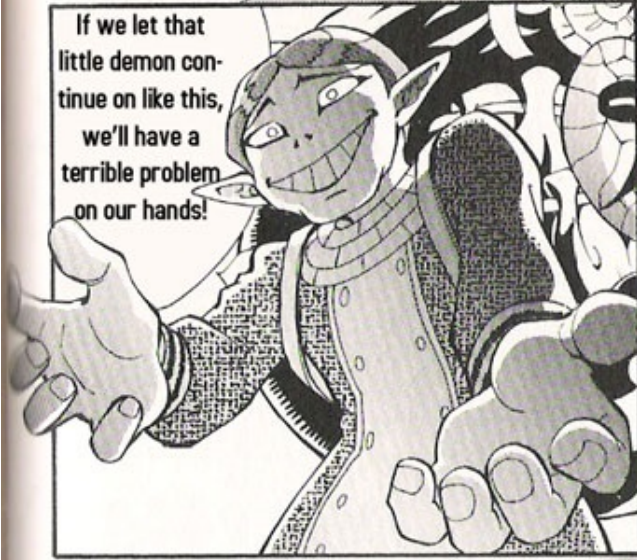

You've certainly been through a lot, haven't you?

Oh, right! The town... That moon...!

ゼルダの伝説 ムジュラの仮面

If we let that little demon continue on like this, we'll have a terrible problem on our hands!

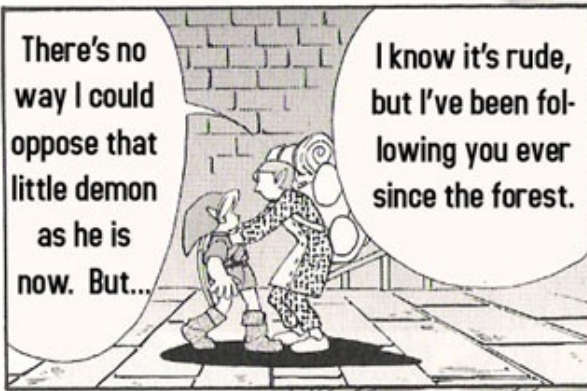

I had no idea it was such a frightening mask...

Me?!

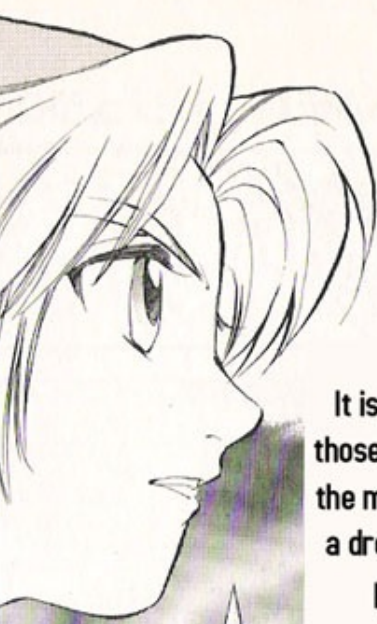

Hey, I'm begging you!

Will you get Majora's Mask back for me?!

There's no way I could oppose that little demon as he is now. But...

I know it's rude, but I've been following you ever since the forest.

It is told that those that wear the mask inhibit a dreadful evil power.

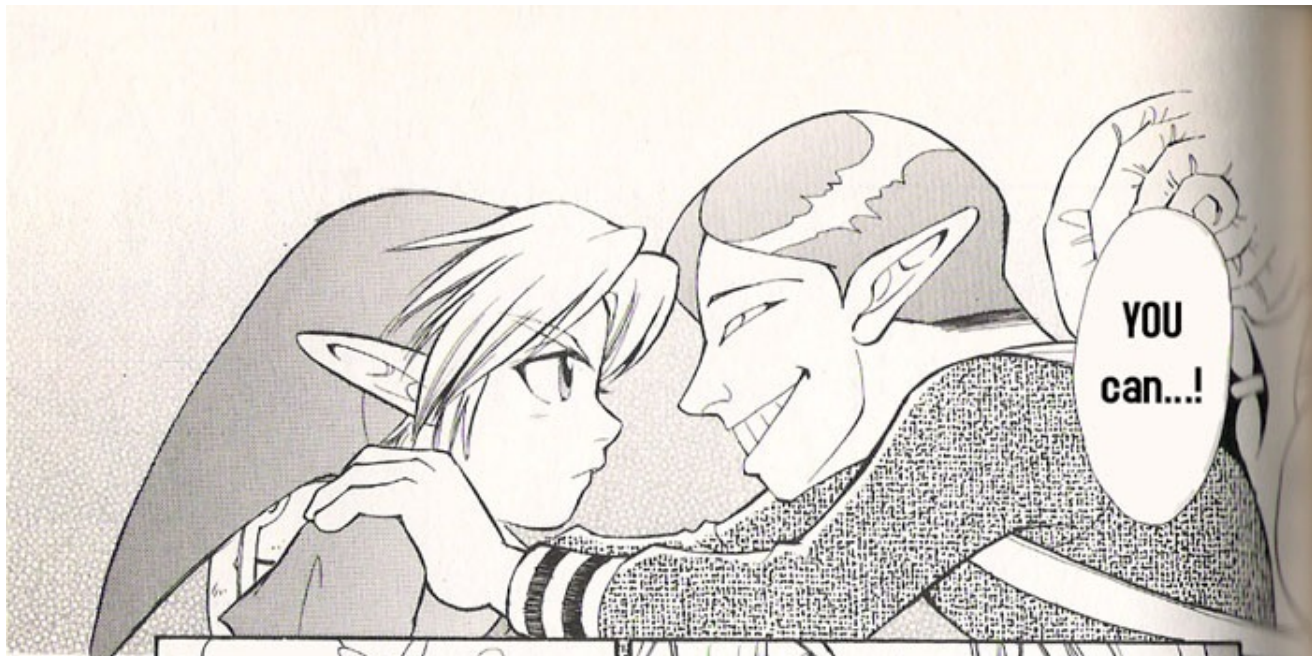

According to legend, the mask brought about such great catastrophe that...

...sealed the darkness away for eternity, to prevent its abuse.

..our ancestors, who feared it...

**YOU
can...!**

**What're you
hesitating
for?!
Hurry up
and
accept!!**

....

**He's a little on
the slow side...
he needs me to
be with him!**

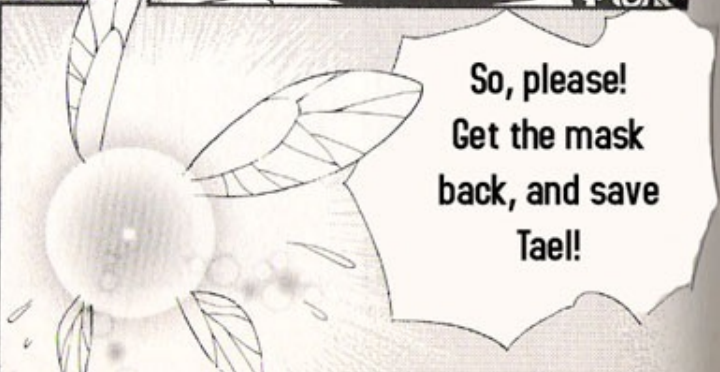

**We'll
apologize for
all the mean
things we
did to you...**

**The same three days
over and over...
Getting smacked
around...
The poor thing...**

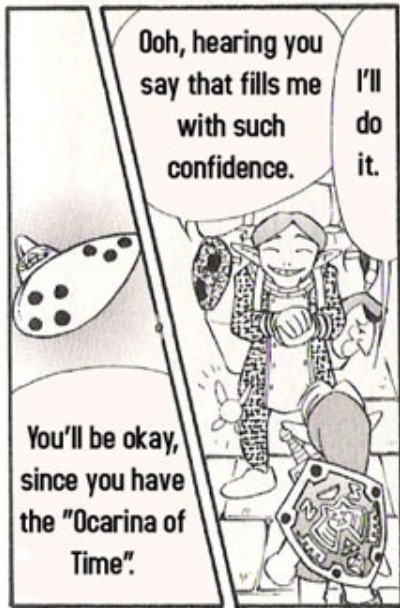

**And let
Stalkid do
whatever
he
wants?!
What'll
happen to
my little
brother?!**

**Hmph!
I don't
remember
having to
take orders
from YOU.**

**So, please!
Get the mask
back, and save
Tael!**

You'll be okay, since you have the "Ocarina of Time".

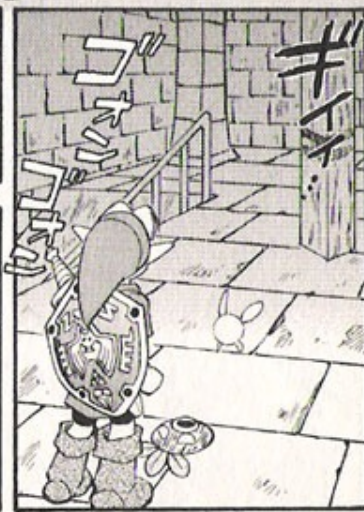

Wait!

Believe in your power...

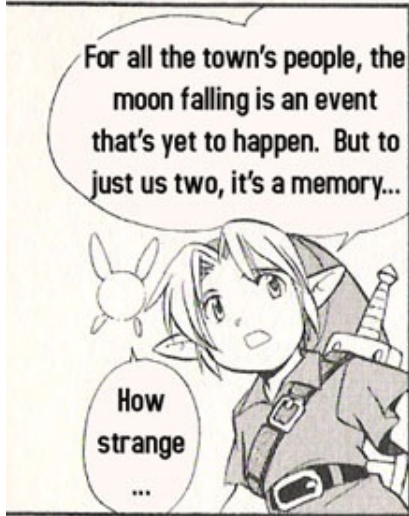

Believe ...

You, who have traversed time itself to fight, can do it. Ho ho ho...

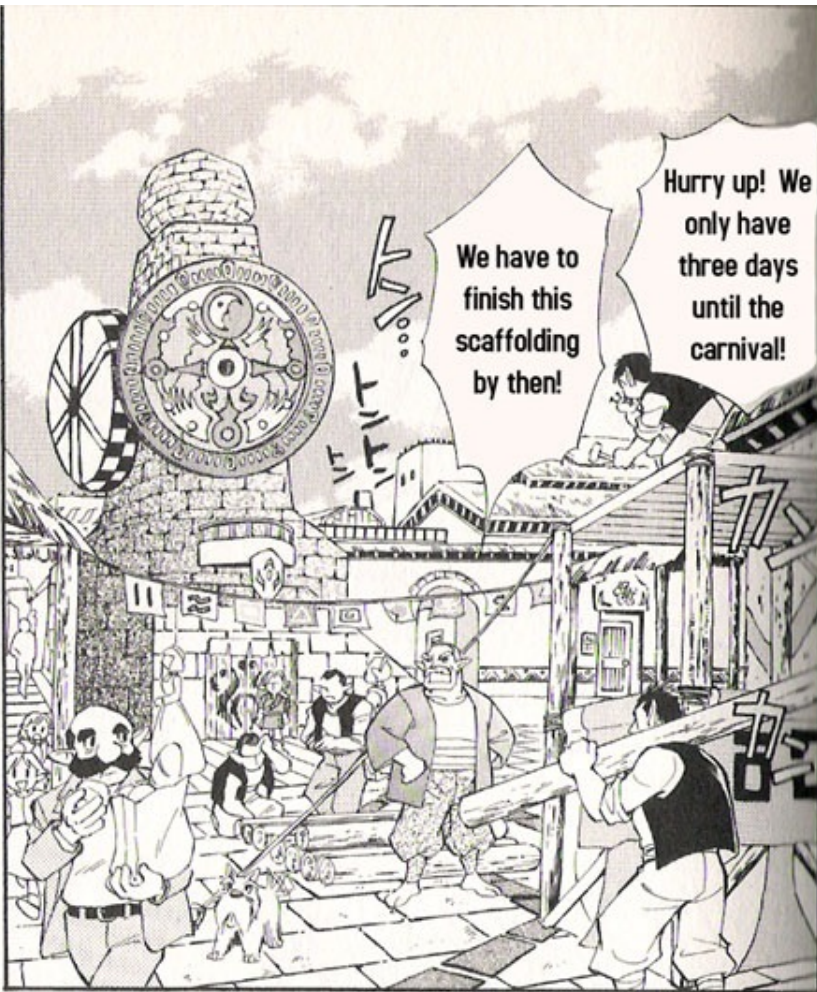

It's back to the time when I first came here!

For all the town's people, the moon falling is an event that's yet to happen. But to just us two, it's a memory...

How strange ...

We have to finish this scaffolding by then!

Hurry up! We only have three days until the carnival!

At any rate, we should check out the swamp, mountain, ocean, and valley.

Who are "the four" that Tael was talking about?

Dunno... I wonder what he wanted to say...

Geez. That kid always leaves out the important stuff.

Miss Anju!!

Well, first is the swamp...

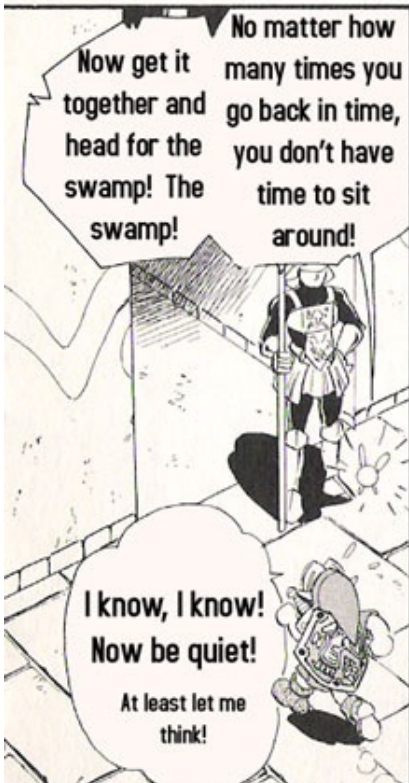

I'm sorry!

That's right...

Since time reversed... that was our first meeting.

None of that happened...

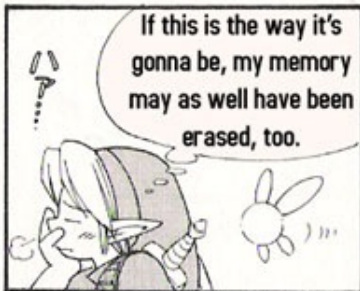

Speaking of which... the bandages she gave me are gone... and the wounds have healed completely.

Now get it together and head for the swamp! The swamp!

No matter how many times you go back in time, you don't have time to sit around!

I know, I know! Now be quiet!
At least let me think!

If this is the way it's gonna be, my memory may as well have been erased, too.

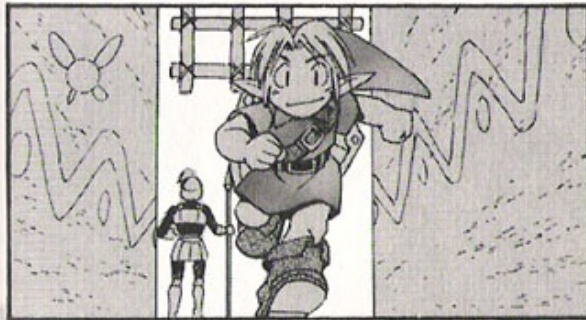

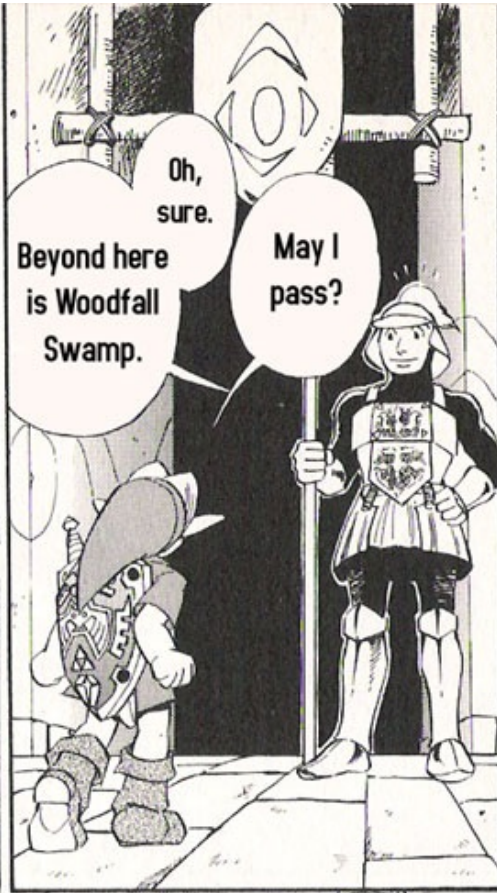

What're you moping about?

HEY !!

Kinda lonely this way...

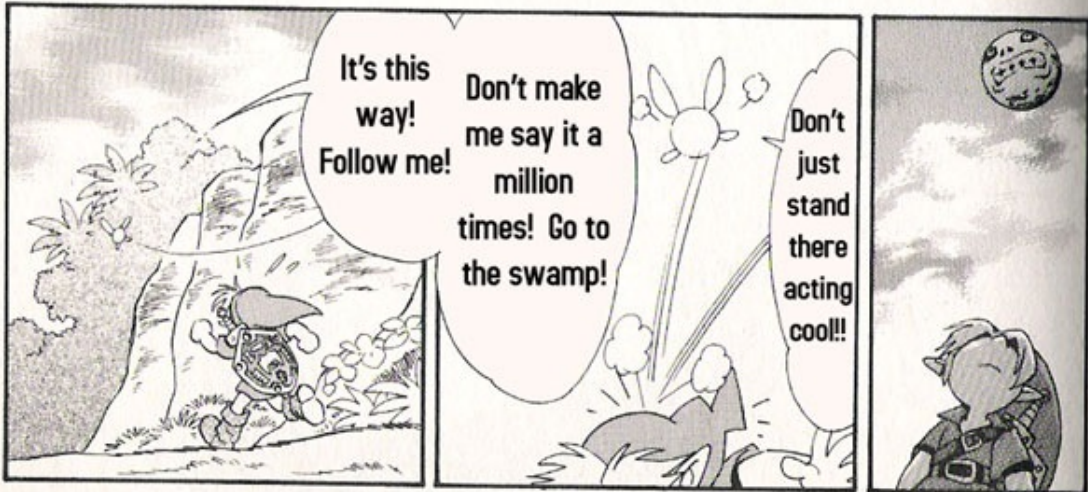

Once again,
another
adventure is
beginning.

Let's go!

All right!

It's this
way!
Follow me!

Don't make
me say it a
million
times! Go to
the swamp!

Don't
just
stand
there
acting
cool!!

Gah, this water stinks.

They call it a swamp, but it's more like a jungle.

Weird... It didn't used to smell...

What's this...? Is it because of the smell? I don't feel all that well...

The Deku Nut tribe's castle is deep in this swamp, so let's try going and talking to them.

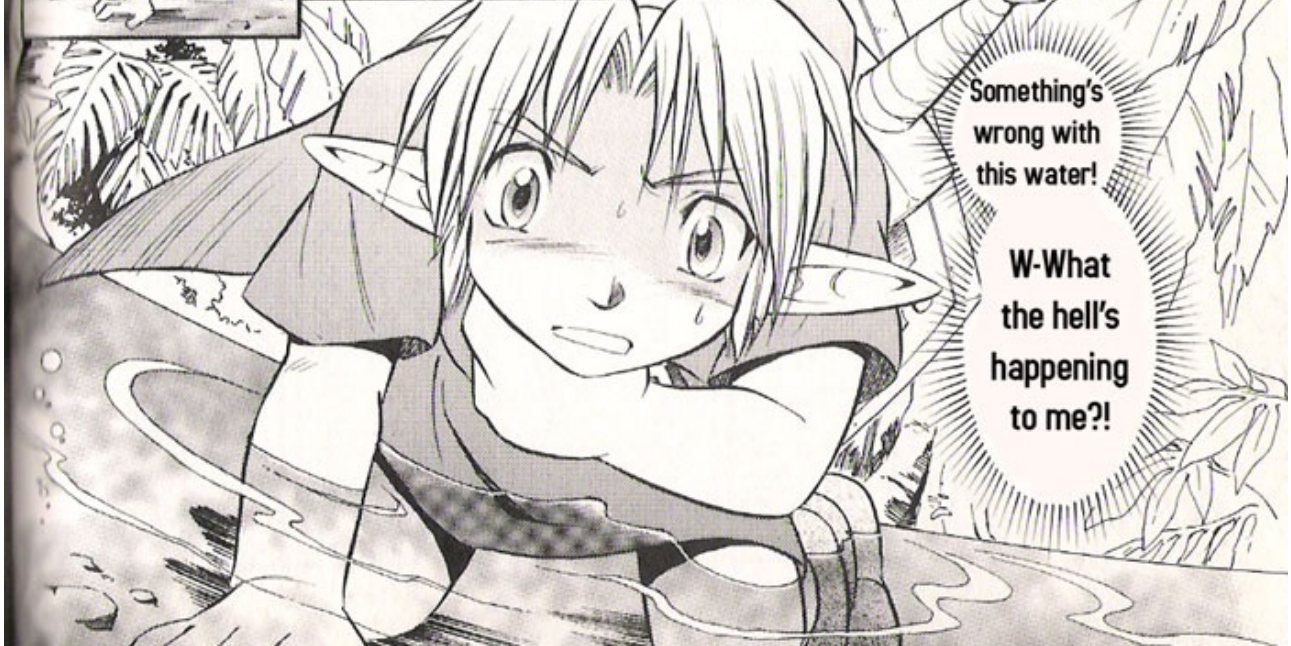

I can't breathe!

What's wrong?!

Yeah ...

Something's wrong with this water!

W-What the hell's happening to me?!
